Skills

- JavaScript | jQuery | AJAX | React | Redux | Graphql | Jira
- Node | Express | MongoDB | | Firebase | Unit Testing | Jest | OOP | Git /Gi t lab | Bitbucket
- Styled Components | Bootst rap | Ant Design | Mater ialUI | Sass | Responsive Web Design | Uzbek | English

Experience

Shopify Developer   **Applied Labs**   *Remote , USA* **09/2022 - 12/2022**

- Customised and implemented a Shopify theme for a client in the fashion industry, resulting in a 20% increase in online sales.
- Integrated a third-party app for real-time inventory management, which allowed the client to better track their stock levels and improve efficiency.
- Collaborated with cross-functional teams, such as marketing and customer service, to ensure a seamless customer experience.

Frontend Developer - React.js   **Digital One**   *Beruniy, TSH, UZB* **04/2021 - 09/2022**

- Developing and maintaining the front-end codebase for our control systems, using technologies such as React, JavaScript, and CSS.
- Implementing responsive design to ensure that our control systems work seamlessly across different devices and screen sizes.
- Continuously iterating and improving the user experience based on feedback and analytics.
Creating and maintaining documentation for the front-end codebase.

Junior React.js Developer   **TopClass**   *Chorsu, NAM, UZB* **01/2020 - 06/2020**

- Working on several projects at the same time, under tight deadlines.
- Helping to improve and optimise the performance of the client's application and by developing unit tests.
- Produced stunning visual elements of web applications by translating UI / UX design wireframes into code while producing high quality, reusable markup using HTML5 and CSS3

Front-End Mentor   **WebBrain Academy**   *Tashkent*   **08/2021 - current**

- Creating and delivering engaging and informative lectures on front-end development topics such as HTML, CSS, JavaScript, and React.
- Guiding students through hands-on coding exercises and projects that help them apply their learning.
- Staying up-to-date with the latest front-end trends and best practices, and incorporating this knowledge into the curriculum.

Education

Computer Engineering   **Pedagogical Collage**   *Uchkurgan, Na, Uzb*   **08/2017 - 6/2020**

- Major in Electrical and Computer Engineering

Projects

- Uzbekcha**:** created ant design clone which container generic Components in Reactjs
- bestStore**:** a Web-app for personal collections managements
- Polymergas: Corporation Mainly Trade In Polyethylene And Polypropylene Raw Materials.

Others

- Triplebyte Certified: Skill expected of a professional engineer in Reactjs
- Javascript Problem solving: It covers basic topics of Data Structures (such as Arrays, Strings) and Algorithms (such as Sorting and Searching).
